Summer Bridge for Foreign Language

Dear Parents;

Some of you have opted to continue with the Middlebury PEAK course for the summer. If you are not satisfied with the grade your child received for the year, they can improve that grade based on their performance over the summer. They can also take the Middlebury PEAK course as enrichment with no bearing on their grade.

Kenmore is also offering a summer bridge experience for students who were enrolled in the classes that were adjusted midyear to the online program. This bridge is intended as a way to further support students in preparation for their next level of studies.

The bridge experience will run from July 25th- Aug 12th. 9-12 a.m. Participants will be responsible for their own transportation. The class will focus on 3-5 pre-identified skills and ensure mastery. **We need to know if you are interested and planning to attend by Monday, July 1st.** If we do not have at least 5 students per course, that course will not be offered. Please notify caitlin.rose@apsva.us to register for the class.

The teachers will also be available to provide support for students who are continuing in the Middlebury PEAK course over the summer. Support for students continuing in the Middlebury PEAK course will be by appointment during the times listed below:

If you are continuing with the Middlebury course through the summer and need to borrow a laptop or hot spot please contact your child's counselor.

Sincerely,

John A. Word, Sr., Ed.D

Teacher: Sandy Beltran

Spanish I 90 minutes daily
Planning 30 minutes daily
